LUPÉ-CHOLET
depuis 1903

Area of production and geology

Saint Romain is a small village located southwest of Beaune at the end of a combe surrounded by spectacular cliffs. For the red wines of Saint Romain, they can equally be classified under the Côte de Beaune Village appellation.

Grape Variety

100% Pinot Noir

Vinification

The grapes are handpicked in 25-kg crates. They are sorted once they arrive at the winery and are gravity-fed into tanks. Vinification is carried out according to Burgundian tradition.

Maceration and fermentation lasts for 20 to 28 days in conical oak vats. Controlling temperatures allows us to work on different aspects of the wine. First we bring out the fruit of the Pinot Noir grape at temperatures of between 10° and 14°C and then increase temperatures to 20° - 30°C to develop body and tannins. Daily punching of the cap is adapted to each phase of the maceration and extraction processes. During devatting, careful attention is given to pressing which is done very gently and is guided by tastings to ensure that we extract only the highest quality tannins.

Maturation

Not only does barrel-ageing lend aromas to the wine, but the porosity of the wood lets just the right amount of oxygen in to allow the wine to mature.

This wine was oak barrel-aged for 14 to 16 months in the estate's cellars (25% new oak). The diverse origins of the barrels (the Tronçais, Allier and Vosges forests), their particular degree of toasting and their age all contribute to our quest for bringing out the aromatic complexity that this special terroir has to offer.

Tasting notes

This red Saint Romain has a lovely ruby red colour. Elegant and airy, the nose develops subtle fruity aromas which with ageing evolve onto more ripened fruit, more musky with more gamey notes. Supple and elegant, this wine has a beautiful structure with plenty of body and an intensely fruity aromatic persistence.

Gastronomical suggestions

Can accompany roast meat, slightly seasoned red meat, feathered game or cheese such as Brie, Chaource, and Reblochon. Serve at 12°C

Ageing potential

Keep 3 to 5 years
